PERSONAL STATEMENT

I am seeking a graduate developer position. I am an ambitious individual who is **eager to contribute**, seeking employment in an active workplace. An **excellent team player with outstanding communication skills** and as a result, I can work well in groups or individually, and in positions that have direct interaction with customers. Over the years in my studying and professional life, I have developed a skill set that includes motivating my colleagues, working effectively in teams, taking leadership in group scenarios and seeing through projects from start to finish. I am **reliable, trustworthy, hardworking and eager** to learn from and teach my colleagues.

PROFESSIONAL EXPERIENCE

Assistant Manager July 2018 - Dec. 2019
Greene King | Cambridge

Assistant Manager for one of the busiest pubs in the UK. Responsible for any back of house administration duties as well as the front of house customer interaction roles such as; cashing up, cellar maintenance (cask and keg), stock auditing and ordering, running shifts, kitchen duties, managing staff and IT maintenance.

- Maintained high staff and customer satisfaction rates while **achieving top 5 pubs in the UK** for Greene King on a week by week basis.

Computer Assistant Nov. 2017 - July 2018
Self Employed | Cambridge

Ran a business in which I provided IT-related assistance for local businesses and homes.

- Achieved a **successful self-employed enterprise** with excellent customer relations, while contributing to a great learning experience for myself.

Supervisor Jan. 2015 - Nov. 2017
Revolution Bars Group | London

Supervised a small team of 3-5 staff on the bar every night, responsibilities included; serving customers, dealing with any issues on behalf of my team, maintenance of POS systems and making sure the team consistently hit financial targets.

- **Consecutively won two yearly awards** for outstanding achievement for the best 10 performing staff out of the entire 2000 staff of the company, staff were assessed based on monetary performance and positive customer interactions.
- **Designed, sourced and implemented** a complete rewiring of the terrace bars audio and lighting arrangements.

Website Designer May 2013 - Aug. 2014
Self Employed | London

Designed and created websites for several small businesses, was wholly in charge of interacting with the customer and identifying the specifications for the website and deploying my talents to meet them.
